The small boys greatest delight now

is to get chalk pencils of assorted colors

and sketch weather flags at fresco. His

interest never flags.

Latest salutation: "Howe's the sig-

nal?"

Shakespeare must have been running

weather signals up at his Globe Theatre,

when he wrote the witches song:

"When shall we three meet again?

In thunder, lightning or in rain?"

The snow drift which was heaped for

several hundred yards, on the Madison-

ville road two weeks ago, to a depth of

from two to six feet, still remains not-

withstanding the thaw and rains which

have succeeded the blizzard. It was

still from one to two feet deep last

Thursday, and stretched like a misfit-

ture mer de glace, offering an alpine tour

to the adventurous small boy. The

drifts still remain in many places along

fence-rows, hill-sides and hollows.

W. S. Casky has made complaint to the

Superintendent of the L. & N. R. R.

company that vagrants and prostitutes

infest Casky, and is a great nuisance at

the depot. He claims that as Casky is

not an incorporated town, a constable

is powerless to make an arrest. He ap-

peals to the railroad company for assis-

tance on the ground that the vagrants

are both a hindrance to his duties as

agent and a nuisance around the plat-

form on the arrival of incoming and

outgoing trains.

Religious Notice.

The revival services commenced last

week in the First Presbyterian church,

have been continued to the present with

increasing interest. The preaching of

the Word by Rev. R. W. Cleland, the

Evangelist, has been clear and convin-

cing, and much good has already been

accomplished. The service this after-

noon, beginning promptly at 2 o'clock,

will be especially for the young, but all,

both young and old, are invited to be

present. The service on to-morrow

(Sunday) will be as usual, at 11 o'clock

A. M. and 7 o'clock P. M. and will be

conducted by Mr. Cleland.

A gentleman from Evansville is in the

city for the purpose of numbering the

houses. The city Council have taken

no action in regard to the matter. In

fact, they have nothing to do with it.

It is put on his house. Gentlemen in this

city offer to do our numbering for us

and it would be well for our people to

consider their claims. The New Era

has and does now endorse the advisabil-

ity of a complete system of numbering,

and the plan submitted of making Main

and Seventh streets the origin of the

East and West and North and South di-

rections together with allotting 100

numbers to each square is a good one.

Let the work proceed. We suggest

however that it would be well to have

the names of the streets on the lamp-

posts.

Enlarging the R. R. Depot.

The freight Depot at this place is being

enlarged by an addition of an ell on the

corner of 8th and R. R. Streets extend-

ing East on 8th street 104 feet by 60

wide.

This addition in the freight Depot

will enable the Agent to handle the To-

bacco shipments with promptness and

to the satisfaction of both the shippers

and the L. & N. Road.

No Diphtheria.

After diligent inquiry we have been

unable to learn of the existence of a sin-

gle case of diphtheria in the city. The

school attendance continues full without

any evidence of its presence.

Mr. A. B. Long has bought this year

in and about Crofton about 100,000

pounds of tobacco, which he has been

selling with the Galt & Galt Co. Mr.

Long is also a candidate for County

Clerk, and he reports his prospects

bright and hopeful. He thinks he will

receive a large Republican vote.

A vertical black and white photograph showing a textured surface, likely a wall or a large sheet of paper. The texture is grainy and uneven. On the right side, there is a dark, irregular shape that appears to be a shadow or a piece of tape. The overall composition is minimalist and abstract.

Personal.
Mrs. J. J. Simpson is in the city.
Mrs. L. B. Simpson has returned from Nashville.
Miss Lucy Whitlock is visiting Miss Mary McPherson.
Miss Carrie Breathitt has returned from Frankfort.
D. G. Wiley and J. W. Cooper spent Thursday in Crofton.
Rev. J. N. Frazier arrived home from the south last night.
Mrs. J. P. Gill, of Clarksville, passed through the city Friday en route to Cadiz.
Capt. Lee Howell, General Freight Agent of the Evansville and Nashville division of the I. & N. R. R., was in the city yesterday.
The James Rodman, the accomplished Superintendent of the Western Lunatic Asylum, was on the floor of the Senate yesterday—Frankfort Capital.

Weather Signals.
Weather signal cards displaying the colored flags with full explanation sold to advertisers cheap at this office. There is plenty of space on the cards for a full advertisement. Leave your orders at once.

The Rarest of Combinations.
True delicacy of flavor with true efficacy of action, has been attained in the famous California liquid fruit remedy, Syrup of Figs. Its pleasant taste and beneficial effects have rendered it immensely popular. Sample bottles free, and large bottles for sale by H. B. Garner.

Winfree-Faxon.
Grace church was fitted on Thursday afternoon to witness the marriage of Mr. J. Winfree to Miss Faxon. Promptly at 3:30 o'clock Prof. Steinhagen sounded the wedding march and the bride party came down the center aisle of the church. First Mr. Winfree, followed by Misses Faxon and Winfree, and Misses Wilcox and Mills, then the bride on the arm of Mr. Wheeler by whom she was given away. At the chancel rail they were met by the groom and his best man, Mr. J. G. Bell, coming from the vestry room. Mr. Venable then pronounced the marriage ceremony in a very impressive manner, and the two were united for life. The bride, a petite brunette, looked charming in a dark red velvet suit. The attendants all wore rich velvet street dresses. The groom and gentlemen wore the customary suits of black. Immediately after the ceremony the bride party drove to the home of the groom, where a reception was tendered the happy pair.

Any one that is afflicted should certainly visit Dr. Sherman at the Phoenix Hotel. The Doctor will give you an honest opinion of your case. Remember that consultation and examination is free to all who visit the Doctor, and no one that is afflicted can afford to lose an opportunity like this. The Doctor will remain here three days only, January 22, 23, and 24.

Dickens Festival.
One of the most animated and instructive programmes to be observed this month is the "Dickens Festival," to be given on the 29th, at Holland's Opera House for the benefit of the Young Men's Christian Association.

Though the Association so far has done exceedingly well, a necessity demands, makes itself urgently felt in the way of broader and better views being taken and put in working shape. This will have to be met, and will naturally take means. In order to assist this organization at its start a number of ladies volunteered to furnish the room recently procured by the Association. This has been done, and now the proceeds of the Festival on January 29th, under the management of these ladies, is to meet the debt already incurred. It is to be hoped therefore that the public will give proof of their co-operation in this laudable cause by their presence on that occasion which will be most gratifying to those who are taking every pains, both in management and rendition, to present a novel and instructive programme.

New Fence Machine.

E. L. Foulkes & Son, who have been engaged in the construction of wire fences for several years, have just introduced Henry's Monarch Fence Machine which appears to have much merit and offers a marked advantage over all previous contrivances for building combination flat and wire fences.

The machine consists of two sections, combining strength and lightness, and can be handled and carried with ease in a wagon over any farm. The wires pass through iron vises and are stretched to as great a tension as they will stand, the slat is inserted, and the wires twisted around them, so tightly around them that the slat is as defied by the blows of a hammer to drive them out, and the tension removed gradually as the fence is built.

The advantage of this machine is that a man and boy can build with it from thirty to forty rods a day in the field, using pickets, if desired two inches thick and of any width wanted. Its operation is very simple and the dullest hand can manage it. It is worth noting that the wires are twisted back and forth alternately, so as to avoid all danger of breaking them. A fence so constructed is warranted to stand a storm of 8,000 pounds.

The machine works equally true up or down hill, placing the slats perfectly straight on every kind of ground.

Around Town.
Plaques, paints and full line of artists material at J. D. McPherson's.
Rev. J. T. Barrow is confined to his room this week by sickness.
The Rockford watches are the finest time pieces made. Call at Howe's Jewelry Palace and see them.
Mr. W. H. Peace was called to Nashville Thursday to attend the funeral of his sister, Mrs. E. C. Van Valkenburg, who died suddenly.

Full line of Dickens works in Sea Side form at J. D. McPherson's. "Read up" and be posted for Dickens' party on 29th inst.
Burglars entered J. C. Shanahan's grocery near the fair grounds Wednesday night through a window, and marched off with over \$200 worth of goods.

Examine the world renowned Miller Organ, at J. D. McPherson's.

Mrs. J. Stauff inserts her advertisement in another column. Mrs. Stauff conducts a first-class millinery and ladies furnishing store, and has already secured a large patronage.

Patronize home industry. Collins & Price will number your houses in plain, gold or porcelain letters as low as the lowest. Leave orders at Gaither's or Garner's drug stores.

Mr. James Higgins leaves to-morrow for Leitchfield to accept a position in the Revenue Service. Mr. Higgins is a wide-awake, competent business man and we wish him unmeasured success.

See the elegant stock of ladies' and gentlemen's gold watches and chains at Howe's Jewelry Palace. All the latest and newest designs at low prices.

The characters of the Dickens Festival are requested to report at Holland's Opera House Saturday evening, Jan. 23, at 6 o'clock promptly. The programme is now complete and a full rehearsal is expected.

If you want a first-class piano at factory prices don't fail to call on J. D. McPherson.

Rev. M. May met with an accident Wednesday night which has temporarily disabled him from his official duties. While breaking a lump of coal a fragment struck him in the eye, causing a painful, but it is hoped not a serious injury.

McAnny, Boute & Co., will begin the erection of a large store room on West Eighth street opposite their factory, in a few days. The dimensions of the new house will be 82x26 feet and will be used as a general implement store under the management of Mr. J. B. Walker. They will also sell the Deering and Champion harvesting machines.

It is stated that there are more than one thousand women successfully managing farms in the West and South. What is it that a woman can't do when she determines to do it? A farmer friend says that one of the best farm hands in the country, in the tobacco field or in harvest is a negro woman. She is patient, steady, industrious and faithful.

In order to reduce my stock for spring goods, I am now selling goods at cost. Special bargains in clothing, ladies cloaks and all other goods in my line.

M. Lipstine.

Mr. T. M. Jenkins, Jr., advance agent for Dr. H. M. Sherman, is now in our city. Mr. Jenkins informs us that the Doctor met with great success, both in Evansville and Henderson, on his last visit to those places. His offices were crowded in Henderson where he turned many of his patients away without consulting them. The Doctor will be in Hopkinsville at the Phoenix Hotel January 28th, 29th and 30th.

Messrs. D. H. Baldwin & Co., of Louisville, have opened a fine display of sample pianos and organs at Geo. O. Thompson's furniture store under the management of Mr. A. F. Williams, their traveling salesman. This is something new for Hopkinsville, and furnishes a fine opportunity for any one who thinks of buying, to get a first-class instrument at lower prices and terms than ever before.

All the Eastern trunk-lines of railroads have united into an Immigrant Clearing House, and have issued a new emigrant tariff, in effect since Jan. 15. The emigrant fare from New York to Hopkinsville is at present \$11.95 instead of \$17.95, and from Philadelphia \$11.65. The Baltimore & Ohio railroad charges still the low special emigrant fare of \$7.45 from Baltimore to Hopkinsville, until further notice.

Capt. W. M. Ekin, Quartermaster General of Louisville, Ky., was in the city several days this week looking after Government war claims. Mr. Ekin has won a host of warm friends during his stay, by his pleasing disposition and genial manners. He is a shrewd, sagacious and enterprising business man. Capt. Ekin is a son of Gen. James A. Ekin, Chief Quartermaster General United States Army, stationed at Louisville, Ky.

The Madisonville Times pays the following compliment to our Circuit Judge and Prosecuting Attorney, and when it is remembered that *pro tem* fees have cut a big figure in State finances, the compliment is the more deserved. "Our Circuit Judge, his honor, J. R. Grace, and the Prosecuting Attorney, the Hon. Jas. B. Garnett, have attended to their duties so cleverly that there have been no pro tem salaries paid out for their neglect. We do not know positively that Judge Grace will be a candidate for re-election, but will say this, that he will be hard to beat in the event that he asks another endorsement. Mr. Garnett is a candidate and there is but little doubt that he will be unanimously endorsed by the people whom he has served so faithfully."

Syrup of Figs.
Manufactured only by the California Fig Syrup Co., San Francisco, Cal., is Nature's Own True Laxative. This pleasant California liquid fruit remedy may be had of Mr. H. B. Garner. Sample bottles free and large bottles at fifty cents and one dollar. It is the most pleasant, prompt, and effective remedy known to cleanse the system; to act on the Liver, Kidney and Bowels gently, yet thoroughly; to dispel Headaches, Colds, and Fevers; to cure Constipation, Indigestion and kindred ills.

The sale of Short-horn and graded cattle, horses, tobacco, etc., at the farm of the late F. P. Holloway realized over \$2,000.

H. B. Garner wishes to state that he has at last found an article he can sell on his merits. It is with pleasure he guarantees to the public Acker's English Remedy as a sure and never-failing cure for Asthma, Coughs, Whooping Cough, Croup, and all Lung Troubles. It is the standard remedy for Consumption. He has never found its equal.
